

MOTION PARENT EXPERIENCE

VISION

If you are a parent of a Middle School student, we want to invite you to be a part of the MOTION Student Conference along with your student for the first time! We understand that coming to this conference may seem a little intimidating for a younger student, so to bring comfort to both you and your student, we would love for you to be in the room with them

MOTION is a catalyst event for students to jump into small groups, leadership positions, and most importantly, God's vision for their lives! It is our heart for every student to encounter Jesus, have a fun time with their friends, meet new people, and ultimately become connected within their campus. Throughout conference, if you and your student feel more comfortable, feel free to step away at any time so your student can try out the experience alone.

Thank you for letting us be a part of your students' spiritual journey and we pray MOTION Student Conference will be a catalyst for them and their walk with God!
